

The Miele Certified Installation Program (MCIP)

We are thoroughly committed to providing every Miele customer with the highest level of satisfaction. We know our appliances best and we know that you want things done right the first time.

For reliable and professional service choose the Miele Certified Installation Program

Nobody knows your Miele appliances better than an in-house Miele Certified Installer. Why settle for anything less than the very best? For total peace of mind, leave it to our experts. With just one call, you will be connected to a Miele professional who will guide you through every step of the installation process and answer any questions you may have.

Every Miele Certified Installation comes complete with:

- Personal in-home operational instruction
- Confidence in knowing that any concerns are just a call or visit away by contacting Miele Customer Care Centre
- Two year manufacturer's warranty on appliance and installation
- Peace of mind

Miele Pre-inspection Service

To ensure that the installation of your Miele appliances proceeds efficiently and without costly delays, we offer the **Miele Pre-Inspection Service**. Our Miele Certified Installation team will visit your home and guide you through a comprehensive inspection to ensure that all electrical, venting, plumbing, millwork, etc. is in place correctly as required by the Miele installation manuals. The Miele Certified Pre-Inspection Team will help you identify any additional work or corrections that need to be completed prior to the actual installation appointment. This will ensure that when our Miele Certified Installation team arrives on the day of installation, we are able to begin work right away without any delays.

Miele Pre-inspection includes:

- On-site visit to inspect and advise client on all utilities, and rough in requirements per work order/purchase order.
- Ensuring that the rough-in will work with the design of the appliance both mechanically and service/install accessibility.

As an additional bonus for our customers, any Miele cooking package that includes four or more cooking appliances* is eligible for a complimentary **Miele Pre-Inspection Service** where applicable.

For more information please visit miele.ca or contact Miele Customer Care at 1.800.565.6435.

*Cooking Appliances are specified as ovens, cooktops, hood fans, coffee systems, refrigeration or warming drawers.
